CC Docket No. 02-33

Albany Mutual Telephone Association (the “Company”) hereby provides notice that it intends to cease offering wireline broadband Internet access transmission service on a tariffed basis. Effective January 1, 2017, the Company will begin offering wireline broadband Internet access transmission service on a Title II, common-carriage, permissive de-tariffed basis pursuant to paragraphs 90 and 94 of the Commission’s Wireline Broadband Order.¹ The geographic areas affected by this notice are Albany Mutual Telephone Association’s exchanges where wireline broadband access transmission services are technically feasible.

As stated in the attached customer notice, Albany Mutual Telephone Association will continue to offer existing ISP customers wireline broadband Internet access transmission service pursuant to current terms and conditions until the end of their current term or upon replacement with a Broadband commercial agreement.
